Red Oxide Primer, is an oil modified alkyd-based Primer suitably pigmented with micro fine red oxide and extenders. It is ideal for ferrous metal surfaces. It is free from heavy metals like lead, mercury and chromium.

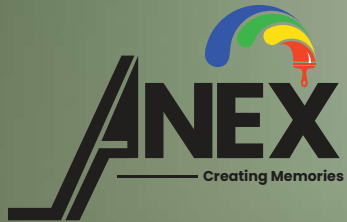

Anex Putty Super Adhesion Cement Based

Anex White Cement Based Putty fills uneven surfaces in cement plastered walls, ceiling or concrete surfaces giving a protective base for your expensive paints. It fill up the surface porosity to save the paints consumption and save money.

Our Services

Other Products and Applications

Products	Applications
Epoxy Primers 1. Red Oxide Primer 2. Zinc Chromate Primer 3. Zinc Phosphate Primer	Any iron structures, Bridges & Equipments made of Iron. & Iron Pipeline
Etch Primer	Undercoat for Aluminium structure.
Inorganic Zinc Silicate Primer (83% Zinc Content)	Oil pipe line, Gas pipe line.
High Build Chlorinated Rubber Primer	Water storage tank, swimming pool & Heat & Chemical resistance areas. Road marking
Chlorinated Rubber Micaceous Iron Oxide, Chlorinated Rubber Enamel	Water storage tank, swimming pool & Heat & Chemical resistance areas. Road marking
Epoxy Enamel Top Coat	Ferrous Structures over Epoxy primer.
Epoxy High Build Coating	Heavy duty metal structure, Ferrous floor etc.
Solvent Free Epoxy Coating Syntem	Heavy duty metal structure, Ferrous floor etc.
Epoxy Zero VOC Chemical Resistant Coating System	Usefull to save the enviornment pollution by not relesing solvent vapour in the atmosphere.
Epoxy Zinc Rich Coating	Oil pipe lines, Gas pipe lines,
High Build Bitumen Paint	Water pipe line, Water storage tank
Aliphatic Polyurethane Coating	Any Metal Surface, Vehicles, Machineries, etc for High gloss, Quick dry.
Thermosetting Acrylic Coating	Railways Coaches .
Aliphatic Polyurethane Clear Coating for Wood - Premium Range-Sealer & Topcoat	
Epoxy Floor Patching & Concrete Repair Compound	Instant repairing of damage concrete floor, fill up holes. Roof repairing for leakage or other damage
Fluorescent Coating	To make the surface visible in the dark.
Heat Resistance Aluminium Paint Upto 600 C and 450 C - Silicone Based	Boiler chimneys from heat upto 600 DC, other equipments from high temperature zone.
Acid Catalyzed Melamine Coating for Wood Sealer & Finish	For wood coating.

Manufactured and Marketed by

Factory 1

M/s. Anupam Enterprises,
Plot No.: 5/27, Foundry Park,
Laskarpur, Ranihatı Amta Road,
Howrah – 711 414.

Factory 2

M/s. Anupam Enterprises,
95/1, Cossipore Road,
Kolkata: 700002

Office

Poddar Point, 113 Park Street,
5th Floor, Block - B,
Kolkata - 700 016
